

Aspire Believe Succeed

Year 1, Spring 1 Curriculum Letter

Dear Parents,

Welcome back and we hope you have had a lovely half term.

We have seen a positive improvement in the children's handwriting so we will be carrying on our morning handwriting sessions. We would appreciate your continued support with this.

Our new topic is '**Small surprises**' and is Science based. We will be reading our own story 'Jack and the Jelly bean stalk' and exploring how to accurately use conjunctions in our writing.

In Science we will be investigating Animals including humans and plants. We will be identifying different animals and plants as well as exploring our bodies. To enhance our learning we have Zoolab coming to visit us with some very exciting animals.

In R.E we will be learning about Lent and all the children will be making their own Lenten promises.

In Mathematics we are learning to read, write and interpret mathematical statements involving equals (=) and subtraction.

We will be having a Year 1 assembly on the 22nd March and we look forward to seeing you all there.

Please ensure that your child's PE is kept in school Wednesdays and Thursdays as P.E will be held on either day this term.

Thank you in advance for your continued support.

The Year One Team.
